

Our debossed ink filled silicone wristbands are easily sterilized and are 100% hypo-allergenic (non-toxic). The writing is actually cut into the silicone, and then filled with special ink. The words "Diabetes Type 1 - Insulin Dependent" are clearly printed on the wristband. This means that they are easy to read and the writing will not rub off. Our silicone bracelets are soft, flexible and very strong. They are totally waterproof and are great for normal day to day wear as well as for swimming and other sports.
