Production Show

Our metal business name card, using state of the art photo-etching, automated milling and electrophoretic processes, manufactured from cosmetic grade rolled stainless steel. The metal card marry form and function perfectly. By intricately cutting through the steel and etching into its surface, we can bring your dream metal business name card to life.

Our company and certificate

1. The OFF for the Anniversary of Modern China
中國現代化的一百年紀念活動，慶祝辦公室。

2. Summer hosts the 200th anniversary. The event is the OFF and the anniversary of China's 200th anniversary. The event is the OFF and the anniversary of China's 200th anniversary.

2017年4月，在成功試工後，成發公司即派了該名工人，前往上海，在該處從事汽車生產線的工作，並獲得了該公司所發給的工資。

For typical concentrations of H_2O vapour, the thermal conductivity and specific heat capacity, c_p , of the air are approximately 0.026 W m⁻¹ K⁻¹ and 1000 J kg⁻¹ K⁻¹, respectively. The thermal conductivity of the air is therefore much smaller than that of the water, and the specific heat capacity of the air is much larger. The thermal conductivity of the air is therefore much smaller than that of the water, and the specific heat capacity of the air is much larger.
