

Metal Magnetic Stripe Card

Available in three thicknesses, our metal business cards are carved from corrective grade, formed stainless steel. Our accompaniment of the art assembly capabilities acquiesce us to cut through the animate with absurd attention and to compose the metal apparent with bespoke fonts and graphics. We can even adapt the appearance of the cards perimeter. Etched argument contrasts with the unetched accomplished grained animate surface, ensuring legibility. If you are searching for a jaw bottom-ward business card, attending no further.

Metal magnetic stripe card, just as what the crafts can be done by PVC cards, which make your metal cards with more usage and be available to other ways.
