

RFID disc tag is affixed to the front of the disc. It is designed for the conventional disc structure, which can realize the disc anti-counterfeiting, inventory, positioning and other management. RFID disc label is suitable for publishers, libraries, databases, confidential files and other management areas.

Features:

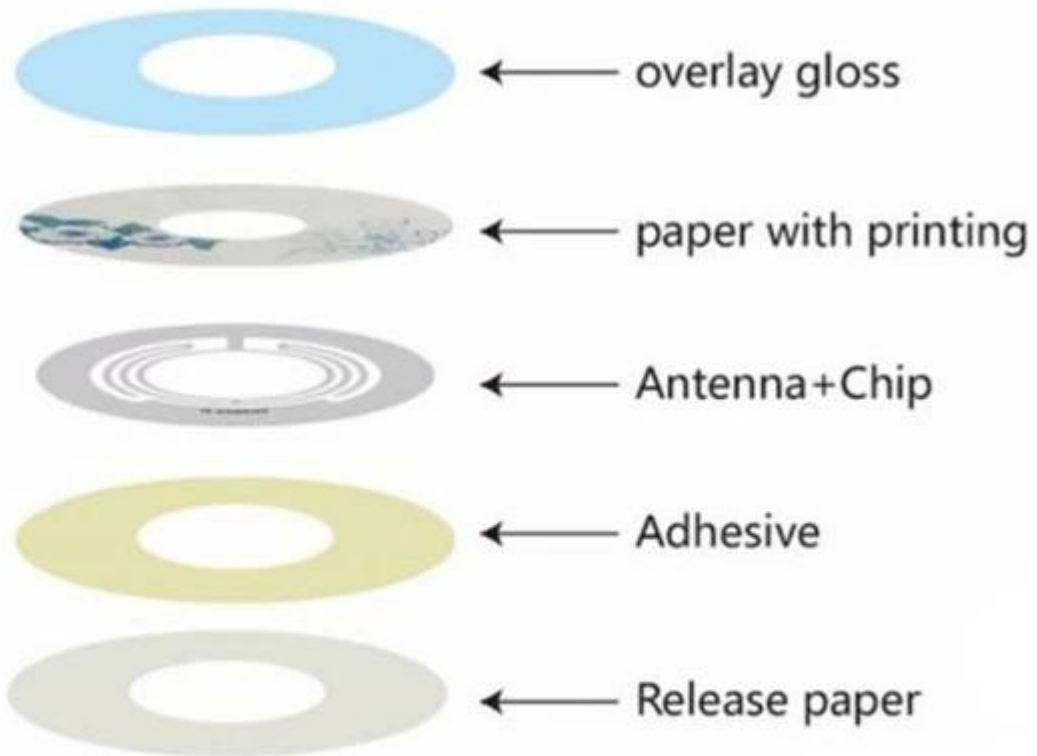

1. Simplify the borrowing process
2. Precise overall inventory
3. Query book CD and identify books CD information faster
4. High level of anti-theft, not easy to damage

As a high quality rfid disc tag service provider, we will do the tag sales and after-sales service good as always.

Product Specification:

Product:	RFID disc tag for DVD/CD
Material:	paper/PVC/PET
Size:	Outside diameter:Φ45mm; Inner diameter: Φ16mm(can be customized)
Weight:	1g
Protocol:	ISO 15693
Frequency:	13.56MHz
Chip:	NXP ICODE SLI or customized
Memory:	1024 bit
Operating mode:	read/write
Reading Distance:	0~8 cm
Operating temperature:	-25℃ □ +65℃
Storage temperature:	-25℃ □ +65℃
Data Retention:	≥ 10 years
Write endurance:	≥ 100,000 cycles
Application:	Disc Manegement
Certification:	CE, ISO, SGS, RoHS
Brand Name:	Chuangxinjia
