

Access Control RFID Keyfob Tags Specifications:

Material:	ABS+Iron Ring
Function:	Build RFID chip inside, read only
Memory:	1K bytes or depends on different chip
Operating Frequency:	13.56mhz or 125khz UHF according to the chip
Chip:	f08, or others
Protocol:	ISO14443A
Resistance:	IP67
Certificate:	ISO,ROHS,FCC,CE
Data Transmission Speed:	106 Kboud
Read Distance:	1-30mm
Read/Write time:	1-3(ms)
Read Times:	>100 000
Data Retention:	>10 years
Optional Technology:	1) Silk-screen Printing Logo/image/graphic... 2) Laser engraving serial numbers 3) Chip encoding
Production leadtime:	7 days for less than 100,000pcs
Sample:	Free samples are available upon request
