

Silicone RFID wristband is suited for the beach, pools, waterparks, spas, gyms, sports clubs and any other RFID access control applications where a waterproof RFID wristband is required. Silicone RFID wristbands are IP68 waterproof, durable, eco friendly, heat resistance, and anti-allergy. All our silicone RFID wristbands are available with 125KHz LF, 13.56MHz HF and UHF chips. Widely used in door access control, member management, payment tracking, pet lost tracking, etc.
